

Careers Programme

Information for Students

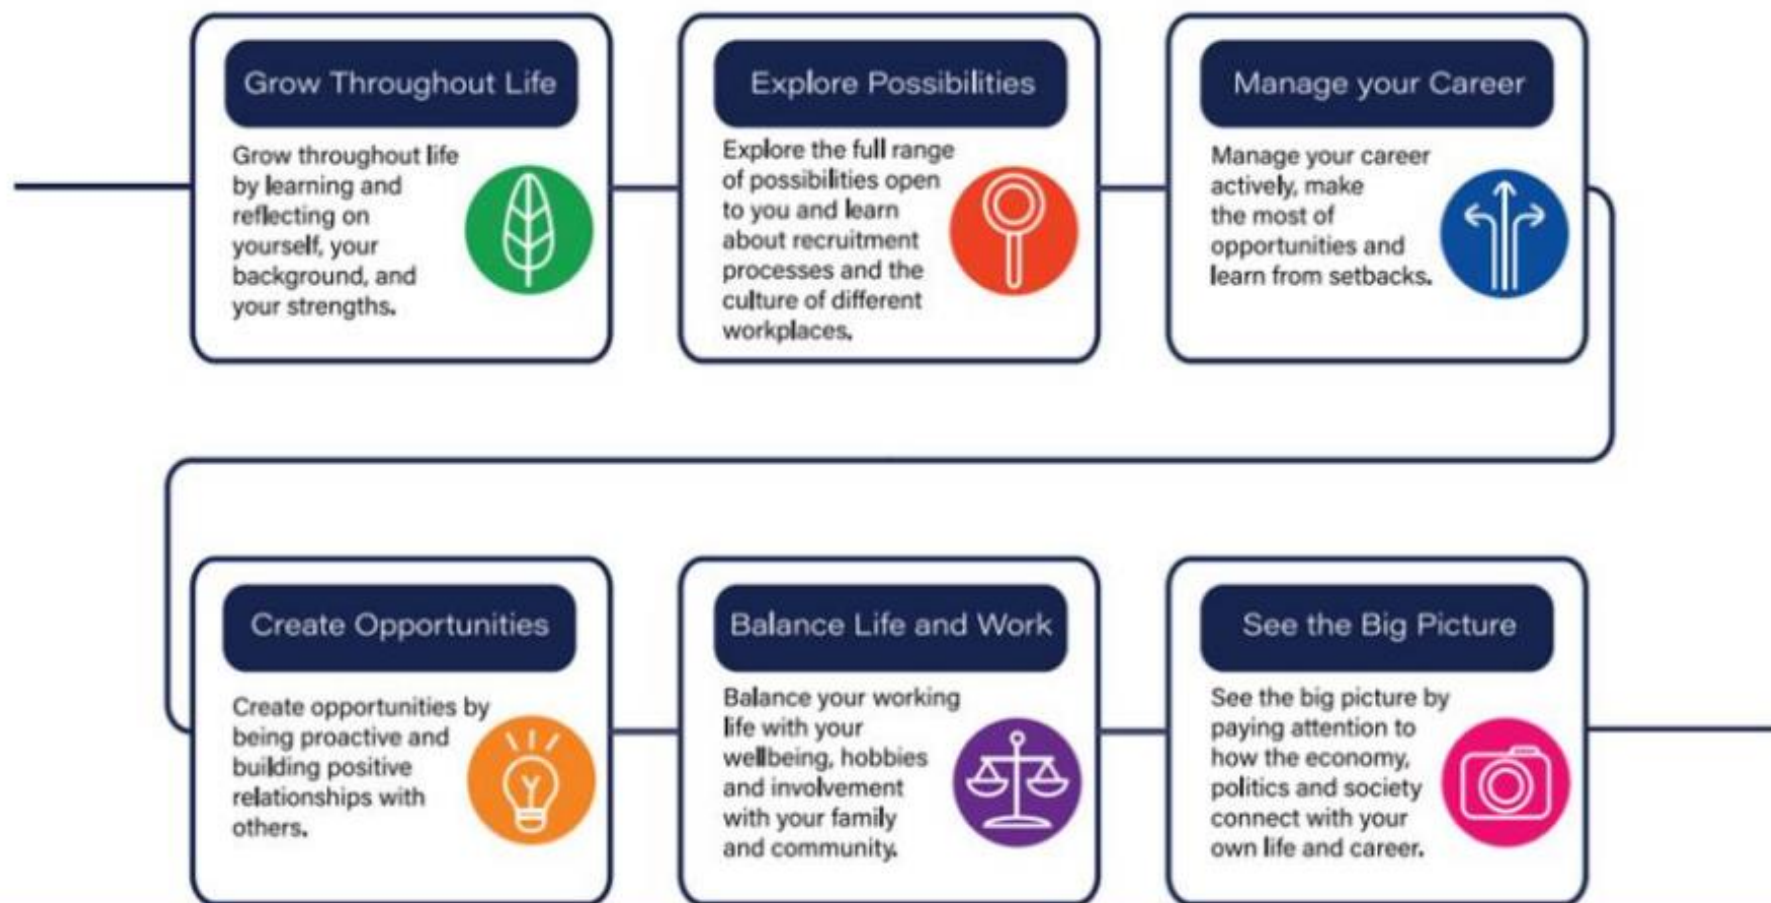

SUTTON
COMMUNITY
ACADEMY

Our exciting Careers Programme is full of activities and events to help prepare you to leave our academy as a competent individual, ready to make positive contributions to your community and develop a successful career. Here are some of the activities we provide to help you prepare for your future:

- Learning about different jobs and the **skills required** for them.
- Learning about and developing key **careers related decision making skills**.
- **Exploring career progression** through first-hand encounters with a variety of business and training providers.
- **Experiencing workplaces** through **work experience** placements.
- Opportunity to have a **one-to-one Career Guidance** appointment at key decision-making points to support you in your **next steps**.
- **Enhancing employability skills** and learning about entrepreneurship, employment options, job applications and selection processes.

All our activities are supported by the Career Development Framework, below.

For a positive career, you need to:

If you'd like to discuss the Careers Programme in further detail, or want advice on your plans for the future, please contact SCA-careers@attrust.org.uk
