28 April 2026

Dear Parents and Carers,

I hope this message finds you well.

I am writing to inform you of a small update to the academy calendar for this academic year. We have added an additional trust-wide Professional Development (PD) Day on **Thursday 25 June 2026**, which will now sit alongside the already scheduled PD Day on **Friday 26 June 2026**. On both of these days, the academy will be closed to students.

These dedicated PD days are an important opportunity for our staff to come together to strengthen teaching and learning. By creating a consecutive block of professional development time, teachers will be able to collaborate more deeply on curriculum planning, share best practice, and refine classroom approaches. This work is central to ensuring we continue to provide the highest quality education and support every student to make the best possible progress.

We have selected these dates carefully to minimise disruption. There are no external examinations scheduled during this time, and key end-of-year activities for examination year groups will largely have concluded.

We appreciate that any change to the school calendar can require adjustments for families, and we are grateful for your understanding and continued support. Your partnership is invaluable in helping us maintain high standards and achieve the very best outcomes for all students.

If you have any questions, please do not hesitate to contact the academy office.

Kind regards

Mr L Taylor
Principal
